*Reporting Quarter Ending September 30, 2019*

*Reporting Deadline: November 14, 2019*

U.S. Department of Labor, Employment and Training Administration
Office of Workforce Investments, Division of Strategic Investments

This document provides information on reporting guidance for H-1B Scaling Apprenticeship Through Sector-Based Strategies (SA) grantees:

1. Current interim reporting guidance for the quarter ending September 30, 2019; and
2. Initial guidance on preparing to report for the quarter ending December 31, 2019 and all quarters thereafter.

Quarterly Progress Reporting Overview

*Scaling Apprenticeship Through Sector-Based Strategies (SA) grantees* are required, as outlined in their grant’s Funding Opportunity Announcement (FOA) and grant award, to collect participant level data on all individuals they serve using grant funds and to submit quarterly performance progress reports to the United States Department of Labor’s, Employment and Training Administration (USDOL/ETA) to comply with the reporting and record keeping requirements of the grant.

Grantees are required to submit quarterly progress reports each quarter through the end of the grants period of performance. Submissions consist of two parts each quarter: (1) a Quarterly Performance Report (QPR) generated through a comma-separate values (csv) data file upload of all participants served by the grant to date (cumulative, from the start of the grant program; and (2) a Quarterly Narrative Report (QNR) containing updates on the implementation and progress specified in each grant’s Statement of Work (SOW). Both the QPR and QNR are OMB-approved documents for reporting each quarter.

In addition to the performance targets provided as part of their applications, *SA grantees were also asked to provide targets for three outputs on Expanding Apprenticeship Program Outputs in their Statements of Work.*

These outputs are:

- **B1. Total number of newly created apprenticeship programs, including Registered Apprenticeship programs**
- **B2. Total number of employers engaged (i.e., those employers that adopt apprenticeship programs as a result of your grant project)**
B3. Total number of expanded apprenticeship programs, including Registered Apprenticeship (e.g., new industries, occupations or service areas, or increasing the number of apprentices registered)

The H-1B Scaling Apprenticeship Handbook provides information reporting these special output measures in the QNR.

**Interim SA Reporting Guidance – Quarter Ending September 30, 2019**

**Reporting for the Quarter**

For the quarter ending September 30, 2019, SA grantees will be required to follow an interim reporting process for submitting quarterly progress reports. *This interim reporting guidance is applicable only for the reporting period July 15, 2019 to September 30, 2019, with a reporting deadline no later than November 14, 2019.*

- **Grantees will not submit participant-level data for the quarter ending September 30, 2019 via the WIPS Management Information System (WIPS).**

- **Grantees will submit a Quarterly Narrative Report (QNR) to ETA via the WIPS Management Information System (MIS).** Please see Attachment A to review the OMB-approved QNR that is required via electronic submission.

  - For this specific quarter only, grantees will not be required to report participant data.

  - Grantees that have served participants during the quarter ending September 30, 2019 should report this in information in aggregate in the QNR Section XI.C. “Additional Information.” Data about participants served during this quarter since the start of the grant will also be reported in the QPR for the second quarter of your grant ending on December 31, 2019 that is due on February 15, 2020.
This process applies only to your first QPR, for the quarter ending September 30, 2019.

**Access to WIPS**

On October 3, 2019, the Authorized Representative for SA grantees will receive WIPS access for submitting performance information for their grants. At this time, DOL/ETA can only give access to the Authorized Representative, who has the responsibility to certify submitted data.

**SA Reporting Preparation Guidance – Quarter Ending December 31, 2019**

**Tracking and Collecting Participant Data**

SA grantees must track and collect participant-level data as it aligns with the required reporting elements for all participants served as of the start of the grant, July 15, 2019.

- In preparation for reporting participant-level data in WIPS, grantees should be prepared to track and collect participant-level data on demographic information, services and training received, credential outcomes, and employment and employment retention information.
  
  ✓ This includes providing participant SSNs, which will be used by ETA to track and report long-term employment outcome measures (ETA Common Measures).

  ✓ Please ensure you follow Personally Identifiable Information (PII) protocol.

  ✓ Grantee will report cumulative data for all participants served starting with the quarter ending 12/31/2019.

**Reporting for the Quarter**

Starting with the quarter ending **December 31, 2019**, SA grantees will be responsible for submitting participant-level data via WIPS to generate a Quarterly Performance Report, as well as a Quarterly Narrative Report.

- Grantees should be report all participant outcomes in the Quarterly Performance Report for the grant to date, including any participant outcomes from the quarter ending September 30, 2019.

  ✓ Data files (cvs format) should only include the H-1B PIRL data elements required for H-1B grants, **not** the full WIOA PIRL.

  ✓ Grantees will report against the H-1B PIRL data elements in WIPS that reflects the [DOL PIRL for SA Grants](#) approved by the Office of Management and Budget (OMB) in 2018.
This is the current H-1B schema for SA grantees that includes all of the data elements for which to collect participant data and the WIPS validation rules for submission of the data.

The first quarterly progress report for which participant-level data will be due is February 15, 2020.

Performance Outcome Measures Reporting Guidance

Grantees are encouraged to review Training and Employment Guidance Letter (TEGL) 14-18, which aligns and streamlines performance indicators and requirements across 15 DOL Employment and Training Administration (ETA) programs (including H-1B grants with a start date of July 1, 2019 or later) to the Workforce Innovation and Opportunity Act (WIOA) performance indicators. It also rescinds and eliminates outdated performance guidance for these programs in addition to clarifying existing ETA performance accountability policies that changed due to WIOA.

The information provided in this quarterly narrative progress report will be used to help the Employment and Training Administration (ETA) monitor the progress of the grant and identify promising practices and challenges of the grantee in implementing the grant. The information collected here provides a more comprehensive assessment of the progress of grantees in meeting expected milestones, performance indicators, and program requirements. It also provides additional qualitative information to ETA regarding the activities of grantees as it relates to WIOA implementation or implementation of other discretionary grant programs, timeliness of program deliverables, technical assistance needs, innovative or promising practices in the field, and the use of evaluation for program accountability, assessment, and improvement.

Additionally, please note that, per the Uniform Guidance (2 CFR 200.328), grantees must inform DOL as soon as the following types of conditions become known and should not wait for a quarterly report deadline:

(1) Problems, delays, or adverse conditions which will materially impair the ability to meet the objective of the Federal award. This disclosure must include a statement of the action taken, or contemplated, and any assistance needed to resolve the situation.

(2) Favorable developments which enable meeting time schedules and objectives sooner or at less cost than anticipated or producing more or different beneficial results than originally planned.

Section II. Summary of Grant Progress.

A. This section is an executive summary of grant activities, including planned and actual progress. Grant activities should be aligned with the goals and objectives outlined in your grant Statement of Work (SOW) and ETA approved work plan/timeline. For the current quarter, please include a description of all:

- services supported by the grant;
- key activities completed, including partnership development and coordination;
- performance improvement efforts being undertaken to meet goals for the performance year if projected goals for the quarter are not currently being met; and
- additional activities performed by both the grantee and any sub-grantees, if applicable.

B. This update may include additional information about service and training activities and outcomes to supplement the data submitted on the Quarterly Performance Report.

C. In accordance with the funding opportunity under which the grant was awarded, grantees that are providing supportive services and specialized participant services, should include:

- a description of the type(s) of services offered in the quarter,
- how they were delivered, and
- how they contributed to a participant’s ability to fully participate in grant-funded activities.

D. Those grantees who have no changes to report on the above items relative to previous reports should indicate so, in addition to indicating the reason for their lack of changes.
E. Additionally, for Senior Community Service Employment Program (SCSEP) grantees, please provide information on the current quarter regarding:

- additional training activities outside of community service assignments; and
- types of host agencies that are being recruited.

Section III. Progress of Grant Timeline.

A. Provide any updates for the progress of the ETA approved grant timeline/work plan, including program activities, key deliverables and products available this quarter and in future quarters for broad dissemination to the workforce system, if applicable. This includes identifying products and deliverables available for broad distribution via ETA-hosted web sites and other communication vehicles.

B. Utilize the timeline in the grant’s SOW to identify all major program activities and training for the reporting quarter. The timeline will paint a picture of project flow that includes start and end dates, schedule of activities, and projected outcomes. It is important that the timeline be updated each quarter noting the actual date of each activity’s completion as accomplished.

C. The following items will be assessed during the progress of the grant: project goals, benchmarks, milestones, special events, important deadlines, and deliverables.

D. Include any challenges or concerns the project has encountered that may have affected or slowed grant progress of the timeline/work plan and how the project intends to resolve them.

E. Describe the next steps or key areas of emphases planned for the project in the next quarter.

F. Also use this section to collect additional information that details the status of capacity building activities and/or the development of deliverables occurring under the grant (if applicable), highlighting those that have been completed, and assessing how well the capacity building strategies of the program are meeting the training needs of the targeted industries through previously identified impact measures. Grantees who have nothing to report should indicate so.

Section IV. Development and Implementation of Effective Practices and Program Model Strategies.

A. Describe how your program model is working towards/has realized the program’s intended purpose as well as the goals/objectives and activities outlined in your grant application and work plan. Examples may include developing and implementing an outreach campaign, designing education and training programs, identifying industry sectors and engaging employers, aligning policies and programs, measuring systems
change and performance, developing new or enhancing existing curriculum or industry training, and creating new career assistance tools and resources.

B. Grantees may also describe any lessons learned and how those lessons learned will be integrated into ongoing grant activities.

C. Those grantees who have no progress to report on the above items should indicate so.

Section V. Status Update on Match and/or Leveraged Resources (if applicable).

Please use this section of the narrative to provide an update on the status of all match and/or leveraged resources.

A. Identify any funding needs and sources, and report the cumulative amount of any match and/or leveraged resources provided by the grantee and partners each quarter. Match resources are required resources, from non-Federal funds, that support the allowable grant activities. Only grants with a match requirement should report on match. Leveraged resources are those additional resources the grantee and its partners may be providing to support the implementation of the grants. Leveraged resources may take the form of cash or in-kind donations. Please indicate any new leveraged resources that may be used to sustain the project after the life of the grant, if applicable.

B. The update may include:
   • organizations that contributed the resources;
   • ways in which the resources were used during the current quarter;
   • cumulative amount of match and/or leveraged resources; and
   • type of match and/or leveraged resources contributed to the project.

C. Grantees should indicate if they have no required match or additional leveraged resources on which to report. Please note that both match and leveraged resources must also be reported on the Financial Status Report (ETA-9130) quarterly, if applicable.

Section VI. Status Update on Strategic Partnership Activities (if applicable).

The purpose of this section is to describe how the partnership is working together to implement the project and to communicate the dynamic growth and development of the strategic partnership, including cross-agency partnerships. This section is not intended to be a list of every partner meeting or communication, but rather should reflect the results and outcomes from such interactions and their impact on the project. Completing this section of the report allows grantees to reflect critically on their partnerships and contributes to broader discussions among grantees on partnership development and management.

A. Report the critical aspects of the grant partnership activities, including establishing and maintaining strategic partnerships, during the reporting period.
B. This section may:
   • discuss how partners have been engaged during the current phase of the project;
   • outline specific roles and contributions of each partner during this quarter;
   • identify any challenges encountered/resolved in the development and management of the partnership; and
   • report new partners that may have been brought into the project or identify any previous partners that may have left the project. Grantees who have nothing to report should indicate so.

Section VII. Status Update on Employer Engagement Strategies.

A key element of the Workforce Innovation and Opportunity Act and affiliated workforce programs is to strengthen employer engagement in the workforce system and to ensure employers have an active role in workforce system activities. The purpose of this section is to share information related to promising practices and strategies that have strengthened existing employer partnerships.

A. Report the efforts that have been undertaken to receive feedback from local area employers to identify their employee pipeline needs and engage local employers to interview, assess, train, and/or hire program participants. Examples may include:
   • increased employer involvement including employers serving as mentors,
   • program staff and employers identifying ways to encourage continuous improvement to hire program participants;
   • new employer partnerships (e.g., increased number of employers); and
   • positive employment outcomes for program participants (e.g., employers support the hiring and advancement of program participants).

Section VIII. Key Issues and Technical Assistance Needs.

A. Summarize significant opportunities, issues, or challenges (such as under-enrollment) encountered during the quarter and any resolution of issues and challenges identified in previous quarters. Furthermore, describe actions taken or plans to address issues,

B. Describe questions you have for ETA, as well any technical assistance needs.

C. Additionally, for SCSEP grantees, this section should include information on recruitment of eligible applicants, meeting the most in need goal, and over/under enrollment challenges.

D. Grantees who have nothing to report should indicate so.

Section IX. Significant Activities, Accomplishments, and Success Stories.

This section is intended to provide additional, more in-depth information than the summary section about promising approaches, new processes, and/or lessons learned.
A. Report on any other significant activities and accomplishments.

B. Describe in detail promising approaches, innovative processes, lessons learned, and grant- and participant-level success stories in this section each quarter, as appropriate.

C. Additionally, if appropriate, please highlight one or two grant- or participant-level “success stories” from the grant per quarter, with the participant’s express permission (if providing a participant success story).

- In documenting success stories, please describe:
  - background, problem, issue, or concern prior to project involvement;
  - response or intervention provided by the project;
  - results and outcomes, including who benefited and what changed or improved; and
  - evidence of the success, including how the data was obtained and the methods used to measure success.

D. Grantees can also include promising practices and success stories as additional documents for upload.

E. Grantees who have nothing to report should indicate so.

**Section X. Evidence and Evaluation.**

This section is intended to provide information to DOL on how evidence and evaluations are being developed and applied. This information may help DOL to plan for future evaluation needs.

A. Describe how the grantee is using or planning to use data, evidence, and evaluation findings to make improvements to programs and strategies? In this explanation, please include a discussion on accomplishments, strategies being implemented, and any barriers to success.

B. Please provide an update on participation and status of any evaluations required as part of the funding announcement or award. Please include any requests for technical assistance related to these requirements.

C. Please include information if the grantee is participating in any studies or evaluations not required as part of the grant award, including any internal evaluations? Please describe the study, any data sources, and whether a third party is managing this project.

D. As part of the evaluations described above, or as a separate stand-alone data analysis project, is the grant using, or does it have plans or a desire to use, administrative data to better understand the grant program or the population it serves? If so, what data sources has the grant been able to use or planned/desired to use? If so, what research or management questions do/can these data help the grant answer?
Section XI. Additional Information *(if applicable).*

A. Provide other grant-specific information considered to be important yet not captured in other sections of the quarterly narrative report. For example, the specific outcomes included in the SOW that are not reflected in the quarterly performance report.

B. Additionally, for SCSEP grantees, this section should include information on the:
   - status of the activities described in their training and supportive services waiver request,
   - progression on special projects, and
   - status of any complaints/grievances.

C. H-1B grantees are asked to report any outcomes in this section that may or may not be reflective of outcomes that are reflected in the Quarterly Performance Report form.
